Matthew Gravina

Rexburg, ID | (209) 924-9893 | mjamesg726@gmail.com
mjgravina.com | linkedin.com/in/mattgravina/

Cybersecurity student seeking an internship or entry-level IT role, with networking lab experience and a background coordinating services, processing sensitive records, and assisting families.

EDUCATION

Brigham Young University–Idaho | Rexburg, ID Expected Dec 2028

Bachelor of Science in Cybersecurity | September 2026–present

Current coursework in networking, web development, artificial intelligence, and electronics.

Modesto Junior College | Modesto, CA Sep 2023–Dec 2024

Completed 38 credits; coursework includes business statistics and public speaking.

TECHNICAL COURSEWORK AND PROJECTS

Networking Labs | Cisco Packet Tracer

- Practiced IP addressing and subnetting, switch configuration, virtual local area networks, and trunk connections in guided networking labs.
- Used command-line verification and ping tests to investigate connectivity problems; corrected host addressing and verified connections.
- Rebuilt an EtherChannel connection using Link Aggregation Control Protocol and verified that both links were bundled.

Electronics Coursework and Personal Projects

- Compared a motor circuit with its diagram, repaired a broken connection by soldering, and tested the motor separately while troubleshooting.

Additional hands-on experience: resin 3D printing, guided electronics disassembly, and ESP32 microcontroller projects.

WORK EXPERIENCE

Eaton Funeral Home | Modesto, CA Aug 2021–Sep 2026

Funeral Home Assistant

- Coordinated funeral and burial arrangements with families, cemeteries, and churches; managed scheduling, paperwork, and follow-up questions.
- Processed electronic death certificates, coordinating with doctors and county vital statistics staff from information collection through certificate pickup.
- Created invoices and recorded payments in QuickBooks; counted cash payments and logged incoming checks.
- Hosted and monitored after-hours funeral services; transported deceased individuals and assisted with preparation and facility upkeep.

Amazon | Warehouse Packaging | Tracy, CA Sep–Dec 2020

- Packed products into boxes, sealed packages, and placed shipments on a conveyor for delivery.

Ripon High School | Teaching Assistant Intern | Ripon, CA Aug 2019–May 2020

- Helped game development students find, load, and create assets and develop simple non-player character behavior.

ADDITIONAL ACHIEVEMENT

Eagle Scout | Boy Scouts of America
